-----

We offer two types of solar containers that differ in design and power output. Besides our flagship, auto-foldable container, we also offer the manual version of this unit.

Discover our range of innovative solar panels on shipping container products engineered to meet your renewable energy needs with maximum efficiency and reliability.

Individual pricing for large scale projects and wholesale demands is available. Max. Charge/Discharge power. The container system is equipped with 2 HVACs the middle area is the cold zone, the two side area near the ...

These highly adaptable storage containers seamlessly ...

A versatile mobile solar PV container offering plug-and-play green energy solutions with modular design, high-efficiency panels, and global mobility for off-grid and emergency power needs.

These highly adaptable storage containers seamlessly incorporate various advanced storage technologies, making them the ideal choice for a wide range of applications. Experience unmatched reliability and ...

We distribute for, or carry, almost every module manufacturer under the sun. If you're looking for JA Solar, Mission, Astronergy, Trina, Qcells, SEG, Adani - give us a ring. All of our modules are tariff free, imported, ...

We make mobile solar containers easy to transport, install and use. Make the next step towards renewable energy with our Solarcontainer! The challenges of our time are more present than ever.

The 20ft Mobile Solar Container by HighJoule offers 80KW of solar power using high-efficiency 480W modules. With an industrial-grade build, it's an excellent choice for mid-sized, scalable off-grid or semi-grid deployments.
