Built for Australia's harshest conditions and engineered in-house at our Clean ...

Built for Australia's harshest conditions and engineered in-house at our Clean Energy Hub, this unit provides plug-and-play power for mining, construction, events and remote locations.

The Sunway 50kW/100kWh Outdoor Energy Storage System integrates high-performance lithium iron phosphate batteries, modular PCS, intelligent energy management, and a robust power distribution ...

Designed to support grid-tied and off-grid scenarios, the Hybrid ESS cabinet offers seamless integration and maximized space utilization, making it an ideal choice for growing energy demands.

Our BESS systems are all-weather suited, with three different cabinet variations to suit any weather environment. With isolated output and online UPS for grid-connected applications, you have access ...

Improve efficiencies and reduce operating costs with Australia's leading commercial battery storage solutions.

Australian designed battery racks, stands, enclosures and cabinets - safety sheet specifications, brochure, specs. See model details and download datasheets.

An integrated energy storage management system with multi-core center and multi-threaded processing. All-aluminum clad liquid-cooled PACK, with a temperature of 25?#177;2? at full working condition of the ...

At Apex Energy Australia, we offer state-of-the-art Battery Energy Storage Systems (BESS) tailored to meet diverse energy needs.

PowerOasis 50kVA delivers 99kWh-2500kWh storage, supports 50kW solar input, EV charging, multiple
