These solar panels are high efficiency 12-Volt solar ...

This is a custom solar panel, which mates directly with many of the Seed development boards or the Li-Po Rider and has a high efficiency at 15.5%. Unit has a clear epoxy coating with hard-board backing. Robust ...

This flexible and portable solar photovoltaic panel is powerful at 80 watts, with 18V operating voltage and 20V open circuit voltage to cope with a maximum system voltage of up to 1,000 V.

Only 10 left in stock - order soon. This item can be returned in its original condition for a full refund or replacement within 30 days of receipt. You may receive a partial or no refund on used, damaged or ...

We offer a wide selection of high-quality solar panels, including rigid, folding, and flexible designs to fit any project. Whether you're expanding an existing system or building from the ground up, our tier-1 solar panels ...

This solar panel is constructed from single-crystal material, providing an impressive 17% transformation of solar energy. Its fine resin finish and durable back make it suitable for outdoor applications.

This solar panel is made of single-crystal material that performs high solar energy transformation efficiency at 17%. It has a fine resin surface and sturdy back suitable for outdoor environments.

This is a custom solar panel, which mates directly with many of development boards and has a high efficiency at 16%. Unit has a clear epoxy coating with hard-board backing.

These solar panels are high efficiency 12-Volt solar panels featuring sturdy aluminum frames and high transparency tempered glass tops. They have a scratch resistant and anti reflective coating to help keep the ...
