Our All in One Off Grid & Hybrid inverters are designed for Off-Grid, Back-UP, Solar Storage and Hybrid interaction with the Utility or with a Diesel Generator.

To get the most out of your off grid setup, consider the key features of an efficient inverter, such as high surge capacity, low idle consumption, and compatibility with your solar panels or battery ...

We build and distribute efficient cookstoves, renewably-sourced biomass pellets, and top-quality hybrid and off-grid solar products for the African market.

Looking for energy independence and self-sufficiency in South Africa? Contact Modac for complete Off-grid Power Solutions.

Works in both off-grid mode, where the system is fully isolated from the utility grid, and hybrid mode, where solar power is used alongside grid power. Features a maximum efficiency of 98%, ensuring ...

We stock a wide range of off-grid solar power inverters to complete your PV project. View our competitive prices online or contact Sustainable about your inverter requirements today.

We stock some of the best solar inverters for sale in South Africa - from Hybrid to off-grid options. Explore our range of reliable and affordable solar inverter systems.

At Solar Kenya 2025, Hinen unveils the N11000S Off-Grid Inverter, a powerful and flexible solution tailored to the growing energy demands of Africa's off-grid and hybrid energy sectors.

The inverter features a high PV input capability of 500VDC with a built-in 100A MPPT for efficient energy conversion. Notably, it can operate without a battery, providing continuous power. Designed for ...
