High Efficiency and Durability: The Aiswei Off Grid Inverter boasts an impressive 98.6% / 98.3% MPPT efficiency and IP66 protection, ensuring reliable and efficient energy conversion, even in harsh ...

Imagine a solar inverter that combines the precision of Swiss watchmaking with the efficiency of Japanese bullet trains. That's essentially what AISWEI achieves with its Ai-LB Series, a product line ...

Reliable Toolless DC connection via Phoenix Contact connectors Quick setup and commissioning with AiSWEI apps Compact wall mount design International quality standards 150 % PV array oversizing ...

We have developed single- and three-phase solar string inverters with high efficiency and maximum reliability for domestic solar power systems.

AISWEI introduced new residential inverters, micro inverters, and hybrid inverters for specific regional markets. High-voltage and low-voltage batteries for energy storage were unveiled.

This document provides technical specifications for three phase inverters ranging from 3 kW to 6 kW, including maximum PV array power, voltage and current specs, AC voltage and frequency ranges, ...

We have developed a wide range of reliable, affordable and easy-to-use photovoltaic inverters: one- and three-phase solar string inverters for residential and commercial solar power systems.

AISWEI's Solplanet inverters are manufactured in compliance with high international quality standards, are easy to install and user-friendly to operate. The production capacity amounted to 10GW in 2022 ...

AiSWEI Technolog Co., Ltd (Solplanet) Solar Inverter Series ASW LT-G3 Series 45-60K. Detailed profile including pictures, certification details and manufacturer PDF.

A leader in China's photovoltaic industry, AISWEI (Solplanet) brings solar energy to global users, offering a

Aiswei solar inverter model

full range of 1kW to 80kW photovoltaic grid-connected inverter products, energy storage ...
