Who makes reusable bulk containers?

To learn more, go to the Privacy Page. RPP is a leading manufacturer of reusable bulk containers. Available in collapsible and straight wall styles with lids. Contact us today for an immediate quote!

What are agricultural containers?

Our agricultural containers help with the transporting and storage of many different food items. Flexcon containers keep agricultural products clean, safe, and secure from the farm to the grocery store. The containers are durable and ergonomic. Upon request, we can provide containers with FDA-approved materials.

What are hopper bottom bulk containers used for?

Hopper bottom bulk containers are used to store, transport, and dispense bulk materials such as seed, grains, powders, and granules. Made with FDA-approved plastic, our vented and solid wall bulk bins are designed to provide efficient and safe storage for your harvest.

What are DuraGreen® collapsible bulk containers?

DuraGreen® collapsible bulk containers are space-saving containers engineered for durability and longevity in nearly all manufacturing applications. Our three-piece pallet pack container system consists of a plastic pallet, lid, and sleeve. For lightweight applications, it provides the best strength-to-weight ratio in reusable packaging.
