To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative ...

AZE's All-in-One Energy Storage Cabinet & BESS Cabinets offer modular, scalable, and safe energy storage solutions. Featuring lithium-ion batteries, smart BMS, ...

With our extensive experience and advanced swapping technology, we have developed world-leading smart battery swap cabinets, committed to providing efficient and sustainable battery swapping ...

Offering rapid battery swaps, robust power management, and compatibility with various electric vehicles, these advanced battery swap systems feature IP55-rated protection, intelligent BMS with multiple ...

Our custom battery swapping cabinets are at the heart of a fully integrated system, combining real-time battery tracking, performance analytics, and automated energy management.

The smart battery swapping cabinets provided by HelloPower & HelloSwap are certified lithium battery swapping and energy storage cabinets, featuring IP65 outdoor waterproof protection.

Key Features  
oQuick battery-swap  
oData monitoring  
oEfficient operation  
oAnti-Theft Tracking  
oIntelligent management  
oSafety protection  
oPerformance guarantee  
oProfessional customization

This is an intelligent power change cabinet with a cloud operating system, designed to charge 10 groups of batteries at one time, which can effectively meet the needs of various vehicles power charging.

The battery swap cabinets are IP54 rated, dustproof and waterproof, ensuring safe operation in rainy and dusty environments, ensuring the safety of equipment and batteries.
