Who makes the most photovoltaic modules in the world?

Infolink Consulting has released the global photovoltaic module supply ranking for the first half of 2024. In a survey of manufacturers, changes were detected in the major global leaders. Jinko Solar ranks first, followed by JA Solar and Trina Solar. Longi ranks fourth, followed by Tongwei, Astronergy and Canadian Solar.

What is the global solar PV supply chain worth?

In that last year, the global solar PV chain reached an industrial business value of some 104.7 billion U.S. dollars, with China dominating the market, and followed by the United States and Malaysia. Log in or register to access full data. Discover all statistics and data on Global solar PV supply chain now on [statista.com](https://www.statista.com)!

How many PV modules are shipped in 2022?

In 2022, the top 10 Chinese manufacturers have shipped over 240 GW modules globally, up 60% and occupying over 90% of global demand, according... LONGi reclaims top spot in shipment ranking for Q1-Q3 2022 Explore the top PV module suppliers based on shipment volume from 2022 onwards.

Which manufacturers ship N-type solar modules?

N-type modules accounted for the majority of shipments from several top-tier manufacturers. Jinko Solar, the top global shipper, reported that over 87% of its 2024 shipments were N-type. However, TOPCon remained the leading advanced technology, with average conversion efficiencies exceeding 24%.

VDMA calculates PV module shipments in 2024 at 703 GW, with average prices having dropped by 33% compared to the end of 2023.

Solar panels (photovoltaic modules) are known as a symbol of solar power plants, but the general public may not be familiar with the top and leading panel manufacturers. Similarly, even among those ...

Solar PV Global Supply Chains - Analysis and key findings. A report by the International Energy Agency.

Infolink Consulting has released the global photovoltaic module supply ranking for the first half of 2024. In a survey of manufacturers, changes were detected in the major global leaders. Jinko ...

Explore the top PV module suppliers based on shipment volume from 2022 onwards. Discover the leading

Global photovoltaic panel shipments

PVTIME - In terms of shipments in the first three quarters of 2024, there should be no suspense in the top 10 list of global PV module shipments, with Jinko Solar now leading JA Solar by ...

The world's top 10 solar photovoltaic (PV) module manufacturers shipped a record 500 gigawatts (GW) of modules in 2024, nearly doubling the previous year's volume, according to Wood ...

Explore the top 10 global PV module suppliers of 2024. JinkoSolar leads with 92.9 GW, followed by LONGi, JA Solar, and Trina -- the new "F4" giants.

Discover all statistics and data on Global solar PV supply chain now on statista !

Compared with the previous year, the total shipment volume of the top ten manufacturers in 2023 was 413 GW, while that of 2024 reached 502 GW. Despite a 22% annual growth rate, ...
