China Gezhouba and the Indonesian National Electric Power Company signed a contract for the construction of the Indonesian Upper West Soka Pumped Storage Power Station.

Recently, a consortium led by POWERCHINA Northeast Electric Power Engineering Co., Ltd. signed an EPC turnkey contract for the 200MW AC mountainous photovoltaic project with ...

On July 16, 2025, Morowali Industrial Park in Sulawesi Province, Indonesia welcomed a milestone clean energy project - a 200MW photovoltaic power station with an 80MWh energy storage system.

The power plant will contain four Francis pump-turbines which are rated at 260 MW each for power generation and 275 MW for pumping. The upper reservoir will lie at maximum elevation of 796 m ...

The new initiative features plans for 1 MW solar minigrids tied with 4 MWh of accompanying battery energy storage, to be deployed across 80,000 villages, alongside 20 GW of ...

Indonesia's state-owned utility and battery producer have launched a 5MW battery energy storage system (BESS) pilot project as it seeks to move away from diesel-generated power.

Indonesia will build a 100 Gigawatt (GW) Solar Power Plant (PLTS). The program plans to build 80 GW of solar power plants and 320 GWh of Battery Energy Storage System (BESS) to be ...

The Upper Siske Pumped Storage Power Station in Indonesia is a landmark project for the Indonesian government to promote the 2025 target of 23% renewable energy and realize the national energy ...

With the successful deployment of this photovoltaic and energy storage system, the project not only paves the way for a greener future in Indonesia but also demonstrates the scalability of solar power ...

Indonesia power station energy storage project construction

The construction of the main project of Indonesia's Upper Cisokan Pumped Storage Power Plant, built by China Gezhouba Group Co., Ltd, a subsidiary of China Energy Engineering ...
