Innovative system made of perforated aluminium, the sunshade screen is associated to multi-wall polycarbonate (PCA) glazing in ECODIS skylights, arcade rooflights and saddle rooflights.

So, from seeing very little action on the utility-scale solar plant to getting 25 MW, 35 MW, and soon another 45 MW, there now appears to be some momentum in Zimbabwe.

A standard curtain wall offers no return on investment. In contrast, a photovoltaic curtain wall not only insulates the building but also generates power for over 30 years.

The Eastgate Centre is a shopping centre and office block in the business centre of Harare, Zimbabwe, designed by Mick Pearce and built by Ove Arup and Partners. It is a unique example of building ventilated and cooled entirely by natural means.

Nationwide supplier of building, painting, plumbing, electrical, solar, hand & power tools, gardening & automotive products.

It combines PV power generation technology with curtain wall technology, which uses special resin materials to insert solar cells between glass materials and convert solar energy into ...
