Our system is designed to enhance energy density and thermal performance, accelerate installation times, engineered for optimal serviceability, and minimizing capital expenditures (CAPEX).

The "all-in-one" design integrates batteries, BMS, liquid cooling system, heat management system, fire protection system, and modular PCS into a safe, efficient, and flexible energy storage system.

The liquid cooling battery cabinet is a distributed energy storage system for industrial and commercial applications. It can store electricity converted from solar, wind and other renewable energy sources.

HJ-G65-261L and HJ-G130-261L are two 261KWh outdoor cabinet energy storage systems with liquid-cooling technology, designed for outdoor energy storage needs, suitable for a variety of application ...

Our integrated energy storage solution is designed to help commercial and industrial users lower electricity costs, enhance supply reliability, and improve power quality.

Designed for multiple scenarios, they are ideal for urban buildings, communities, and low-voltage networks, featuring highly integrated liquid-cooled Commercial & Industrial (C& I) energy storage ...

The energy storage system utilizes lithium iron phosphate batteries, which offer high energy density and long cycle life. The unit features an outdoor cabinet design, allowing for flexible expansion and ...

100kW/215kWh outdoor integrated cabinet for industrial and commercial storage. Suitable for various industrial and commercial application scenarios such as industrial parks and commercial complexes, ...

This integrated outdoor cabinet features lithium iron phosphate (LFP) batteries, modular PCS, EMS, power

Liquid Cooling Outdoor Integrated Cabinet solar container energy storage system

distribution, fire protection, and an advanced liquid cooling system that enhances thermal ...

The 150KW/372KWh Outdoor Cabinet Energy Storage System, made by Huijue Group, is an integrated cabinet enclosure that contains batteries, Battery Management System, Energy Management ...
