With our experienced team of battery experts, we have the capability to designing and building battery packs according to customers " specifications. We are one of the very few assemblers outside of ...

The lithium-ion battery manufacturing industry in Malaysia is highly competitive, with a growing number of companies focusing on innovation, quality, and sustainability.

We specialize in manufacturing custom battery packs & battery pack assemblies. We can produce custom made batteries in a range of chemistry types and configurations to meet our customers" ...

We excel in producing and packaging high-quality rechargeable lithium-ion battery packs. Our production know-how and capacity, test, and system integration solutions are proven over a decade.

Anchored in technology, driven by unwavering commitment, BatteryHouse leads the way in crafting lithium battery assemblies. Our solutions transcend limits, propelling us forward in a world of constant ...

Their product range encompasses high-capacity lithium iron phosphate (LiFePO4) batteries, versatile lithium-ion cells, and custom battery packs tailored to clients" specifications.

As a premier custom battery pack manufacturer, we design and assemble high-performance lithium-ion, LiFePO4, and LiPO solutions tailored to your exact specifications.

With years of hands-on experience in battery pack assembly, our facility in Malaysia is equipped to deliver high-quality, customized battery solutions for a wide range of applications.

We rebuild and repair your battery pack for power tools, be household gadgets, IT peripherals, heavy machinery PLC etc... Please leave your enquiry here, we will reply as soon as possible.

Malaysia lithium battery pack customization

As Malaysia's automotive sector shifts towards electrification, the need for customized battery solutions tailored to specific vehicle designs and performance requirements grows.
