What is a Type 4 telecom power outdoor cabinet?

The Type 4 telecom power outdoor cabinet is a new generation platform designed to meet customer needs, give configuration flexibility and supports a variety of applications. The cabinet is well suited for power, batteries and telecom equipment.

Why should you choose a Type 4 outdoor power cabinet?

within the outdoor plant depends upon a cool, dry and secure environment for the electronics such as the DC power and Telecom equipment. The Type 4 Outdoor Power Cabinet more than accomplishes this with its Thermal Management that will keep sensitive electronics functioning in extreme environments.

What are the advantages of a telecom cabinet?

The cabinet works very well as a stand-alone power and/or battery backup solution and provides additional space for telecom equipment. The fan and filter has the advantage that a large amount of air can be exchanged, giving very high cooling performance with low power consumption.
