With a portfolio of projects ranging from the smallest wall-mount breaker boxes to complete walk-in buildings, Bison ProFab is strong in adapting enclosure designs to any outdoor installation and ...

The integrated storage battery cabinet is equipped with a perfluorohexanone fire extinguishing system, which can detect the temperature and smoke status inside the cabinet in real time to prevent fire ...

It houses a programmable logic controller (PLC) and a frequency inverter (VFD) within a single cabinet, making it convenient to control motor speed, direction, and logic sequence.

The core components of these systems include PCS, lithium-ion batteries and energy management systems. These "turnkey" ESS solutions can be designed to meet the demanding requirements for ...

Housed in a robust, cold-rolled steel cabinet, this "turnkey" solution is factory-assembled and ready for rapid deployment, saving valuable on-site installation time.

Explore the eSpire Mini: a turnkey energy storage solution for microgrid, backup, and off-grid applications in residential or C& I projects.

Our offerings cover peak shaving, solar self-consumption, backup power, and microgrid applications, supported by integrated EPC/CEPC/EPCC services for turnkey project delivery.

The range includes control cabinets, complete equipment sets, terminal protection shells, new energy distribution boxes, cabinet temperature control systems, industrial plugs and sockets, as well as ...

This turnkey energy storage solution ensures seamless deployment, minimal on-site work, and optimal safety and efficiency for utility-scale or commercial & industrial (C& I) applications.

Power Storage Cabinet IP65 Turnkey Project

From high-protection outdoor cabinets to enclosures for telecom, power, and industrial use, we offer configurable options in structure, material, thickness, and surface treatment to ensure both ...
