Are your EV chargers registered with the SEAI?

Our EV chargers are fully SEAI-approved and registered with the SEAI. As of January 2023, only products registered through the SEAI home charging grant can avail of the SEAI charging grant. Apply for the SEAI Home Charger Grant here link to page: All of our EV installers are Safe Electric Registered.

How does SEAI support smart chargers?

As part our move to support Smart Chargers only, SEAI will follow a two-step approach as follows: An EV product register has been created with associated criteria to allow product suppliers or installers to register Smart Charger products with SEAI. Once the product has been reviewed and approved by SEAI, it will be placed on the register.

Who can register a smart charger with SEAI?

Manufacturers, Importers and Distributors of Electric Vehicle Smart Chargers are now invited to register their products with SEAI on the Triple E register. Learn how to submit a product for Smart Charger Register If playback doesn't begin shortly, try restarting your device. An error occurred while retrieving sharing information.

What is a SEAI home charger grant?

SEAI home charger grants offer up to EUR300 off the cost of installation. Many EV owners in Ireland are already saving hundreds of euros each year just by charging at home. Electric vehicle adoption is growing at a record pace.
