Beware of misleading social media ads and sales pitches promising "free" solar, guaranteed savings, or special government payouts--these are major red flags. Compare quotes ...

While you are browsing solar power companies, one of them may offer to install a solar panel or solar roof in your home for a small cost or even for free. It's an intentionally misleading...

Some solar energy companies offering "free" solar panels are just making exaggerated claims to advertise solar leases or power purchase agreements. These programs can get solar ...

Beware of misleading social media ads and sales pitches promising "free" solar, guaranteed savings, or special government ...

SEATTLE -- Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get ...

There's no such thing as free solar panels. There are no federal government giveaways for solar panel installations, and no company is required to offer them for free. You may be eligible...

No, offers for completely free solar panels are almost always scams. These typically refer to solar leases or power purchase agreements where you don't own the system but still pay for ...

SEATTLE -- Scammers across the U.S. are going door-to-door, pitching "free" solar energy systems. Many homeowners never get any solar equipment installed; those who do often get ...

Con artists use misleading sales tactics and lies to trick homeowners out of money and personal information. If you've received an offer for "free solar panels," it could be a scam. Always...

Solar power generation free installation scam

Did a salesperson knock on your door and promise free rooftop solar panels at no cost to you? Or say you'll never have to pay another electricity bill because government programs, grants, or ...

The Energy Department and the Solar Energy Technologies Office have warned consumers about this type of online scam involving solar panels. We rate this claim False.

As more Americans turn to solar power to energize their homes and businesses, offers for "free solar panels" are becoming increasingly common. But, how can you know if the claims are true?
