What is a storage container home?

When we talk about storage container homes, we're referring to compact units typically built from 10ft or smaller containers--not the standard 20ft or 40ft shipping boxes used in full-size homes. These small structures are designed for rapid deployment, easy transport, and simple interiors.

Where to buy container house from China?

Buy Container Home From China professional manufacturer - ZT Housing, which provides types of prefabricated steel structure container houses building, including folding container houses, flat pack container house, and detachable container houses.
