Let the light in with Mitrex Solar Glass -- a powerhouse in disguise, where photovoltaics meet limitless design, where color meets clarity. You're not just choosing glass; you're choosing a future where sustainability is ...

Especially for the purpose of glazing greenhouses, we have developed various special glasses that specifically optimize growth and thus yield, depending on the type of plants.

One of the strongest greenhouse coverings, polycarbonate, is a rigid plastic that is almost as transparent as glass. It is available in corrugated single layer or flat twin-wall thicknesses, and is easily cut and installed.

Specially designed BiPV solar glass modules for greenhouses, Heliene's Greenhouse Integrated PV (GiPV) modules offer a sustainable alternative with no additional racking or support required.

Protection from Elements: Glass greenhouses shield plants from harsh weather conditions, including rain, snow, wind, and excessive sunlight, ensuring optimal growth and protection from pests and diseases.

Photovoltaic glass, which incorporates solar cells to convert sunlight into electricity, represents a dual-purpose innovation for greenhouses. It can generate renewable energy to power greenhouse operations while still ...

Introducing our durable glass greenhouse, featuring 4mm tempered glass and sturdy aluminum frames with a thickness ranging from 1.5mm to 3mm. With a lifespan of up to 25 years, this greenhouse is built to last and ...

It offers direct factory prices and supplies all types of greenhouse and solar glasses, including tinted glass, low-iron glass, patterned glass, tempered glass, and Low-E glass. The company is ISO 9001 certified, and some ...

Whether used in greenhouses, sunrooms, or agricultural installations, Pure Solar's transparent glass ensures optimal light diffusion while converting sunlight into electricity.

Sucre solar Glass Greenhouse Supplier

At AGCULTURE(TM) we create advanced glass solutions for next-generation greenhouses. AGCULTURE(TM) supplies a wide range of glass products suitable for all kinds of crops and climates.
