Nothing beats experiencing the true performance of your audio system. A high quality power supply is fundamental to achieve such results. Farad Power Supplies developed a new principle for ultra-low ...

ESL's experienced R& D Engineers can custom design a SCUPS#174; Uninterruptible Power Supply to work with any power application! Electro Standards manufactures supercapacitor ups devices and boards ...

In this post, I build a couple supercapacitor UPS boards for my raspberry pi projects. For my Convergent restoration, I decided to build an RASCSI to replace some failing SCSI hard drives. ...

The tech inside consists of a double regulated "super capacitor" linear power supply. Farad explains that "Super capacitors combine a very high capacitance with high pulse power capability ...

"The Farad Super3 is clearly a first rate power supply upgrade" "It's built to a higher standard than most and doesn't take up much space which is also a bonus. The price reflects these factors but seems ...

Product Use: This super capacitor uninterruptible power supply is designed for high reliability scenes. When the external power supply unexpectedly loses power, it will quickly switch to ...

Within the relatively compact chassis of the Farad Super3 linear power supply consists of a double regulated "super capacitor" linear power supply. Mattijs reports that "super-capacitors combine a very ...

Farad Power Supplies contributes to an audible more beautiful sound with our Super3 high-end linear power supplies and cables.

Super6 uses super capacitors to replace batteries, providing a stable and pure power supply for the ultra-low noise linear voltage stabilizer at the rear, but without the disadvantages of batteries.
