The US\$42 million Access and Renewable Increase for Sustainable Energy (ARISE) Project will increase access to electricity for over 3,500 people in remote outer islands, while ...

In partnership with project lead Entura, the consulting arm of the Australian utility Hydro Tasmania, HOMER Energy is focusing on how to use mini-grids to bring electricity to dozens of ...

The company is located in Shanghai Fengxian Industrial Zone, covers an area of 4,000 square meters, has its own research team and production base, employs 60 people, and has two production lines.

`new()` describes a constructor signature in typescript. What that means is that it describes the shape of the constructor. For instance take `{ new(): T; }`. You are right it is a type. It is the type of a class ...

How we helped Castalia developed a Master Plan--a detailed technical, funding, financing, institutional and implementation plan to increase electricity access to 100 percent by 2025 and increase ...

It is NOT "bad" to use the new keyword. But if you forget it, you will be calling the object constructor as a regular function. If your constructor doesn't check its execution context then it won't notice that "this" ...

In the specific case of `throw`, `throw new()` is a shorthand for `throw new Exception()`. The feature was introduced in `c# 9` and you can find the documentation as Target-typed new expressions. ...

To cope with the problem of no or difficult grid access for base stations, and in line with the policy trend of energy saving and emission reduction, Huijue Group has launched an innovative ...

The new operator uses the internal `[[Construct]]` method, and it basically does the following: Initializes a new native object Sets the internal `[[Prototype]]` of this object, pointing to the Function prototype ...

## Where are the new energy switch stations in micronesia

Note that if you declared it `var a = new { }`; and `var o = new object()`;, then there is one difference, former is assignable only to another similar anonymous object, while latter being object, it ...

This project also contributes to making energy access cheaper across FSM by reducing the use of fossil fuels and flipping the switch to renewable energy sources.

The FSM.SE project is focused on increasing access to renewable electricity and support to private sector investment in energy efficiency and renewable energy whilst aiming to enable FSM's ...

Discover through this story how more than 3,400 people in a remote Micronesia community will gain access to 24-hour power for the first time using renewable energy grids by the ...

A new expression is the whole phrase that begins with new. So what do you call just the "new" part of it? If it's wrong to call that the new operator, then we should not call "sizeof" the sizeof ...

The new keyword in JavaScript can be quite confusing when it is first encountered, as people tend to think that JavaScript is not an object-oriented programming language. What is it? What problems ...

This plan provided an outline that would pave the way for climate and disaster policy, as well as the formation of new climate committees. Through this new focus, renewable energy in ...
